*Nota. In the reduction of these ancient measures to this equality with our English assise, I have had respect only to Troy weight, the least quantity whereof is a graine, 24 of these graines make a penny weight, 20 penny weights, or 24 charats an ounce, 12 ounces a pound: this is proportionate to a pint, 2 pints a quart, 2 quarts a pottle, 2 pottles a gallon, 2 gallons a pecke Winchester measure, 8 gallons a bushell of graine, a firkin of liquor.*

Gentle Reader, I have supplied the vacancie of this leafe with this list and Catalogue of the names, weights and valuations of such coines and monies as in divers places at this instant are in most frequent vse, which (I doubt not) will be beneficiall to some for the vnderstanding of our moderne relations.

alle virtutibus. Nec A. T. lateat honoris templum virtutis templo fuisse conjunctum, in  
 quod nisi per virtutis templum, nemini introire liceret. Ideo hoc virtutis iter tot labo-  
 ribus molestis circumseptum A. T. vna cum regibus principibusque fortissimis socijs  
 cuius fortiter peregrisse vestigia tua adhuc calentia & vulnera adhuc ferè sanguine ma-  
 dentia, liquido demonstrant. Nunc tandem Honoratiss. Dom. ad honoris metam tujs  
 proprijs meritis etiam peruenisti, fama per orbem celebratur, nomen omnium gentium  
 annalibus inscriptum æternum durabit: nil vltra manet nisi vt post tanta & tam dubia  
 pericula, tot durissimos labores ob Euangelij causam defunctos experientie & sapientie  
 documentis jam refectus reliquam vite tempus cum honore in patria & pace transigas:  
 vbi serpius & tunulus belli (exaucta singulari & diuina in nos misericordia) iures  
 non ferunt vbi vastatorum turme non grassantur, vbi stipatorum & clientium turba  
 A. T. aduentum anxie expectat amici exoptant omnes desiderant. Sed quis sum ego ig-  
 notus qui tam confidenter & audacter A. T. compellere ausus fui? Cum tanta vis sit  
 virtutis, vt etiam ignotos in sui amorem & admirationem trahat, vnus sum è multis  
 tuarum laudum buccinatoribus. Ignoscas (si culpa summa erga te obseruantie ascribi  
 potest) velim audacia mee, quæ tuæ est humanitas: qua precipue spe fictus apud A. T.  
 verba facere non dubitauit, præsertim cum vires doctos & literatos de Republica litera-  
 ria aliquo modo bene meritos & imprimis presbyteros verbi diuini ministros summo  
 favore & beneficentia semper es profecutus, quo nomine omnes vbique honorifice de  
 A. T. prædicant. Gloriosa sanè virtus & apud heroas antiquitus religiose exulta, quan-  
 do templa & basilicas ad Dei summi honorem edificabant amplisque redditibus & de-  
 cimis dotabant, quando Sacerdotes spirituales patres non aliter ac naturales parentes  
 honore prosequabantur. Macste hac virtute ceto, A. D. hac recta iur in cælum. Nunc  
 prohi dolor! omnes & omnia contra machinari, magnates & diuites plurima templa di-  
 uino cultui olim pijsimo zelo dicata diruere, redditibus & decimis spoliare, Sacerdo-  
 tes & presbyteros contemnere ex patre dice didicerunt. Nec desunt qui sacrilega ma-  
 nu & penna Strygo atramento tincta his Harpijs patrocinantur. Sic resp. fiet uera so-  
 litude, tabulum ferarum nescio quarum immanium, & in antiquum Chaos (quod De-  
 us aucta) redigetur. Sed me reprimam & longiore oratione A. T. his placulis recitan-  
 dis non morabor: de virtutibus sermo instituitur, vnicam autem præclaram & penè di-  
 uinam virtutem recitare auidè gestio. Nam munificentiam benignitatem & beneficen-  
 tiam A. T. erga principes & heroas exules & pauperes afflictos, in hac miserranda Ger-  
 maniae vastatione & calamitate, si vellem enarrare & pro A. T. meritis depingere, in ju-  
 stum volumen oratio turgesceret. Quantas & quam immensas opes in hos vsus annu-  
 atim impendisti, omnes qui ex fama tantummodo A. T. nouerint palam & grate ag-  
 noscunt. Hæc diua virtus inuidos fortasse multos, æmulos vero vix illos inueniet,  
 virtutes tuas, Amplissimi Domine, decimare decreuam, sed Epistolæ angustia  
 vix Spicilegium admittit. Nunc qua de causa ad A. T. ausus hæc verba fe-  
 ci, patens eloquitur. neque sine munusculo licet indignus sim qui offeram secundum  
 Persam consuetudinem in conspectum A. T. aduenio. Olim enim doctissimus Ri-  
 derus reuerendus nunc antistes Dictionarium summa cum sua laude & in pectus, hoc  
 ego viderem ampliorum & pulchris multisque vtilissimis & necessarijs tractatibus adeo  
 ditatum exhibeo, vt jam per omnes Europæ regiones libere circumferatur; precipue  
 vero vt nostræ gentis sermonem quem tot heroum præclara gesta tecum nobili-

tarunt plenius exteri addicerent. Hæc omnia qualiacunque A. T. humilime inferibo  
& dedico: quoniam ejus sum loci incola A. T. principale dominium, ejus ecclesie  
rector & verbi diuini minister, vbi A. V. principale patronatus jus obtinet: quapropter  
studiorum meorum vsus fructus ad A. T. jure pertinet vt alium patronum querere non  
licuerit.

ra & ex tenebris eruta huius disciplinae etymologica opera, pristina integritati quantum fieri potuit, restituerunt. Inter quos Scaligeri doctorum viro-um iudicio principatum merito obtinent: Julius Caesar Scaliger, alter nostri seculi Varro centum & decem libris de originibus composuit, qui non sine insigni posterioris litteraturae dispendio perierunt. Iosephus eiusdem filius, Lipsius, Casaubonus, Turneb. Lib. Passeratius, & alij innumeri doctissimi viri plurimos auro um non los dispendios huius divinae disciplinae opere reuocauerunt. Attamen in erbo-um se ipsa nullum tam exactum volumini integrum de etymologia constitutum. Quod cum à prioribus, maxime de desiderariis animaduertentibus quibusdam doctis viris sepe flagitauerit ut hoc opus in se sustinerent, sed frustra. Et quoniam in mea certe superfluo nihil est, e huius muneris idoneum posse me posse intelligere, ex alienis scriptis etymologici cum Latinum componere pro virili sum accessus. Primum igitur studio et veteres quid erbo-um originem tractauerint diligenter rimatus sum, variis etymologia-um in uariis quibus vel obiter etyma obscurant, nec non veteres simul & recentiores grammaticos consului, Xenocrato una commentaria, coniecturae, notae, annotationes, an modo forte, castigatione, emendationes, explicationes, observationes, & quod uerbo dicam totam illam doctrinam Criticam generalem sedulo collata: varia denique doctrinae, glossaria, & nomenclatura per syllabarum sine periculis, ex quibus omnibus etyma & uerbo-um proprietates, vocabula pura, obliueta, exotica & neoterica, quaeque inuenire poterat, in hoc nostrum d. Etymol. conuertam, ut nullum etymum minus nullum uocabulum nisi se reliquum quod in hoc nostro thesauro non facile reperias, quantum autem tabernaculo incipere subleui lectoris studio relictum uolo. Nondum enim doctus Fungerus suam etymologicam paruum nec acutum Boetianum suum Enchiridion, nec bibliopagus Martinius suam etymologicam condidit, in lucem ediderat, quum de meum iam typis destinarem. Martinius autem adeo doctus, & posset perfectè bene quatuordecim illust-ant, ut uerbum etymologicum describere et erambere discessum uerbo opponere. Nec se in Oxoniensi editione nescio quid sito intercederunt. Si queras praeterea (amicè lector) quid noui prae-ter noua credidit, et tibi uocabulorum multa noua, totidemque antiqua ex tenebris eruta in fac-tilia noua. Neg, uero is qui centum in ingratum mihi suspensum ausus ad Apsis scriptorum eorumque sequacibus libenter relinquam: qui obscuritates uerbum & sententia uerbum, ita affectate uolunt ut tum denum se doctos aut ueritatem, cum sermone ita obscuro aut abstruso multis animum desio uiuant, quod scire & intelligere nemo uoluit quae dicant: & fortasse cryptis angustis perilem in modum delectantur: contra uero & nescio quae coruscatione optet aures & possit inquit oculos hominum, quasi tam subtilem erumatorum ad iaculum reuocasset: Brontesq. Strophes, & uerbum membra Pyramion, Commissiones istas meras componere, & aenam esse sine calce Caligulae rediens d. ceret. Ciceronem quasi obsoletum fastidiant, instantum ut Cicero uerbum & uerbum sexagenarius de ponte deturbandos existimat. Lyssium noues scribendi formas introducentem pro de suspici-unt: scilicet stylum cum uelimentorum formis (annuatim iam apud fanaticos uariatus, mutandum, isti nouiores opinantur. Mihi propositum est ex doctorum monumentis noua & antiqua colligere & col-lecta, interpretari, & si fieri potest suis etymis & antiquitatibus ornare. In hac uero editione multa uocabula ex antiquis patribus & ecclesiasticis scriptoribus ex Medietis Iur. d. et, & glossatoriis scriptoribus, ex Meusio, De la Cerda, Nodding, Pandectis, Stapano, & Criticorum Lampad, & Di-ctionariis juris Cuius & Casauboni multa, alij Criticis & auctorum interpretibus desiderata in nostrum etymologicum adscripsi, quae doctis simul & indoctis, ad auctores intelligendos multum lucis adferre possunt. Labor immensus in uia immensa, malis fortassis in ingratum quorum gratia non minimum etatis uirum & facul. aem partem consumpsi.
